**Sub: Rstoration of facility of medical claim without voucher for outdoor treatment for the BSNL Pensioners**

Sir,

We are to express our total dismay and deep anguish that BSNL Management has not agreed to restore the above facility and has accordingly signed an agreement with some employees unions/associations in total disregard to the problems and difficulties of the absorbed BSNL Pensioners.

2      You are to kindly appreciate that the Pensioners are in a disadvantageous group because of advanced age and almost crippled with several ailments – thus restricting their movements. Unlike the serving employees who are to come to attend to their offices daily for which they are even paid transport allowances, the Pensioners, on the other hand, if required to visit their last Office will be required to spend money for travel out of their pension money. As it is the case now, the medical bills or other claims are not settled on time and the claimants are required to pursue the same at regular intervals. The Pensioners find it very difficult to pursue their cases by visiting their last offices on regular basis because of the reasons explained above. This precisely is the reason that many Pensioners preferred to opt for the facility of medical re-imburement for outdoor treatment without voucher – even though the limit for the claim is less than half of the amount being allowed for medical claims with voucher for outdoor treatment.

3 We are sure that restoration of the system, at least for the Pensioners, will not increase the financial liability of the BSNL. If need be, we would request to get this aspect re-examined.

4 In view of the above, we earnestly request you to kindly intervene in the matter and restore the facility of medical claim without voucher for outdoor treatment at least for the Pensioners.

With kind regards,

Yours sincerely,

(S Basu)  
General Secretary
