OLD AGE IS A PRIVILEGE, NOT A CURSE

Two in every three senior citizens in India suffer from some chronic disease, according to the first Longitudinal Ageing Study in India (LASI) released by the Union Ministry of Family and Health Welfare on January 6, 2020. BSNL pensioners cannot be an exemption. The remaining one in three are considered blessed. According to another study, "the older population in India has a much higher hospitalisation rate, with a greater proportion of hospitalisation due to non-communicable diseases. Propensity change contributed to 86.5% of increase in hospitalisation among the older population and the compositional change contributed to 9.3%." Thus, chances of hospitalisation with increase in age is the same for the 'two in three' elderly population as well as the blessed 'one in three'.

Naturally the senior citizens are more concerned about their health and healthcare facilities available, than any other issue. For this reason, the Central & State Governments and the PSUs continue to provide medical care to its employees even after retirement in one or other form. BSNL MRS when introduced in the year 2003 was considered to be one of the best among various PSUs. For outdoor

treatment, claims with voucher were allowed with the annual limit of one month salary of the first month of the Financial year in respect of serving employees and last month's salary drawn before retirement (Basic + DA) per annum in respect of the retired employees. Alternatively, 50% of the eligible amount was allowed without voucher both for working and retired employees. Treatment in recognised hospitals was allowed with reimbursement at approved rates. In some recognised hospitals, the employee/retiree could avail the treatment without payment, with the hospitals submitting the claim to BSNL.

But a few years later, even when BSNL's financial status was healthy, many listed hospitals stopped the facility of treatment without payment, citing undue delay in settlement of claims. Subsequently, with the BSNL profit falling down and the loss continuing to increase, BSNL reduced the annual limit first in the year 2009, then in 2018 and again in the year 2022. It also withdrew the facility of outdoor claim without voucher in the year 2011. Later it was re-introduced only for the retired employees in the year 2017. Even with reduction in the eligible annual limit, BSNL was not able to reimburse the

claims, with pending claims mounting since the year 2018. After years of relentless pursuing by AIBSNLREA, including knocking the doors of the Chief Justice of India and organising a Savingram campaign, BSNL started clearing the pending claims, first upto 31.03.2022 and subsequently for the later months.

After BSNL absorbed pensioners were allowed to opt for CGHS in the year 2016, BSNL grasped the situation and allowed reimbursement of the one-time contribution made by BSNL retirees to switch over to CGHS, in an effort to reduce its liability towards healthcare of its retired employees. Being fed up with the gradual withdrawal of facilities under BSNLMRS and non-reimbursement of their medical claims, the CGHS gradually became the center of attraction to the BSNL retirees. The facility to avail Fixed Medical Allowance of Rs.1000/- per month by those residing in non-CGHS areas but opting for CGHS, received major attraction resulting in a large number of such pensioners opting to switch over to CGHS.

CGHHS was primarily designed to cater to the healthcare needs of Central Government employees and pensioners and covers, among others, the MPs, former MPs, Sitting Judges of Supreme Court of India & Delhi High court, former judges of Supreme Court of India & High Courts, Freedom fighters and families of all these categories. As a result, after nearly sixty years of its existence, it covers only 80 major cities across the country.

Even in these cities, grievances of inadequate number of wellness centres, limited number of empanelled hospitals and lack of proper infrastructure and staff in the wellness centres, are aplenty. While we are trying to get some improvement on these issues, our suggestion for opening wellness centres in all District Headquarters is yet to take-off, with CGHS just agreeing to consider our inputs in this regard.

Still a large number of BSNL absorbed retirees continue with BSNL MRS as they reside in non-CGHS areas and as they consider the facility for indoor treatment more important than the meagre FMA of Rs.1000/-, keeping in mind the eventuality of hospitalisation with increase in age. BSNL finances have also reportedly improved resulting in the medical claims being cleared within months nowadays. More than a year back, BSNL Corporate Office had, in order to provide better health facilities to employees, requested the CGMs and Unit Heads to coordinate with the sales team/representatives of the hospitals in the BA/SSA/towns/cities for empanelment of maximum number of hospitals on CGHS rates preferably on credit basis, or on cash payment basis and to make special effort to bring reputed and eminent hospitals in the empanelled list. Although these instructions were marked as Time Bound and a deadline of 30 days had been fixed, there has been no tangible improvement in this matter.

While the CHQ's efforts to bring improvement of functioning of

CGHS in all aspects will continue, we feel that it is time to focus on the issue of empanelment of more hospitals under BSNL MRS. Branches should be proactive in looking out for good hospitals in their area and taking up the issue of their enrolment with the Heads of the SSAs/BAs. Details of such efforts may be sent to the CHQ through email, so that

CHQ can pursue the matter with the BSNL Headquarters. BSNL will also be again requested to impress upon the Heads of Circles/Units the need for urgent action on the matter and to show seriousness in the deadline fixed. Collectively, we should ensure that health issues do not impact the quality of our lives. After all, good health is the key to happy ageing. ♥

GS told her that we have attached two orders in similar cases and that DoT needs to convince Legal Advisor by producing these two letters. She said that the file is being moved on similar lines as we have
