No. 13-81/2020-21/BA&IT/4728

Dated 17.01.2026

To,

Sh. R.R. Balasubramanian
General Secretary

Subject: Request for incorporation of corrections directly in Original ePPO under SAMPANN

Reference: AIBSNLREA letter no. AIBSNLREA/CHQ/2026/5 dated 19.01.2026

With reference to the letter cited above on the aforementioned subject, it is intimated that the SAMPANN Pension Certificate (in case of migrated pensioners) and the ePPO (in case of SAMPANN-generated pensioners) are permanent records and are digitally signed documents, authenticated through a Digital Signature Certificate (DSC) on a specific date. Since the digital signature is applied on a particular date by the Accounts Officer, any correction cannot be incorporated in the digitally signed PPO.

However, if any correction is required, the same is carried out through issuance of a **Corrigendum** or a **Revised Pension Payment Authority**, as the case may be.

Once a Corrigendum or Revised Pension Payment Authority is uploaded on the SAMPANN system, it remains permanently on record in SAMPANN & is available to the Pensioner.

This is issued with approval of the Competent Authority.

(Zafar Iqbal)

Dy. CGCA (Pension&IT)
